CLOSE FIGHT IN THE SECOND LEGISLATIVE CONTEST

LIGHT VOTE IS RECORDED HERE

Primaries Do Not Create Much Interest, Except In Fight For Nomination For General Assembly — Van Voorhis Leads

GEN. MARTIN BEATS CONNER

Sentiment Here Overwhelmingly For Martin—Strassburger Defeats Pinchot 175-396 — Kerfoot W. Daly, For Delegate Receives Fine Vote

In Charleoi a light vote was polled little interest being manifest in the primaries, except for the candidates for General Assembly, Second district. For Assembly, Charles S. Van Voorhis lead the ticket for the nominating honors with 549 votes; the Hon. James T. Heffran of Speers, who is a candidate for re-election, was second in the running, with Claude E. Towner of Monongahela, third, and John J. Oates, fourth. The figures are: Van Voorhis, 549; Towner, 388; Oates, 219; and James T. Heffran, 435.

For State treasurer, Frank P. B. Thompson received 254 and Samuel S. Lewis, 385 votes.

Considerable interest was manifest for auditor general, people being desirous of the nomination of General Edward Martin, evidently, as he received 628 votes, to William Conner, 383.

For delegates-at-large to the National convention, Ralph Beaver Strassburger defeated Governor Gifford Pinchot 475 to 396. While there were seven to be voted for, the real fight was between Strassburger and Pinchot.

For delegates to the National convention, Twenty-fourth district, Henry F. Bailey received 501, and Kerfoot W. Daly, 681 votes.

Little interest was evidenced in the election at Lock No. 4, or North Charleoi. The borough has a registration of 900 voters, but only 142 ballots were cast.

For President, Coolidge received 25; Johnson, 33; Pinchot, 12, and Henry Ford, 1.

For auditor general, Martin received 64, and Conner, 4.

For delegates-at-large to the National convention, in the fight between Strassburger and Pinchot: Strassburger, 47; Pinchot, 54.

GOVERNOR PINCHOT ADMITS HIS DEFEAT

Harrisburg, April 23. — (United Press).—Governor Gifford Pinchot saw his defeat as a delegate to the National convention at large, a wet victory. In a statement today he stated that he would rather be defeated as a foe of liquor than win as its friend.

"I made no campaign and I warned the friends of law and order throughout the country to give no credence to the claim that my defeat is a setback for the cause of law enforcement. It is nothing of the sort. This vote does not represent the conscience and heart of Pennsylvania. It is merely proof that the old alliance between liquor and gang politics is a thing of the past."

"As for those who believe in the Constitution of the United States and intend to enforce it, we are in no way discouraged in purpose to make the matter more vigorous and I count on and I have the right to count on every friend of law, order and clean politics."

Wilkes Barre, Pa., April 23.—On the

FIRST ACT OF THAW WILL BE TO CLEAR A CRIMINAL CHARGE

Philadelphia, April 23. — (United Press).—Once more the doors of the asylum swung open for Harry Kendall Thaw. After a period of seven years incarceration in a Philadelphia madhouse, Thaw has been adjudged sane by a jury of his peers, and probably will soon be free.

The jury that heard the six-day trial of his petition for release from "Kirkbride's" asylum was out for nearly seven hours late Tuesday before they returned with their verdict for the millionaire plaintiff.

Notice of motion for a new trial was immediately given by parties opposing freedom for Thaw, and this technicality will slightly delay complete freedom for Harry.

The first act of the eccentric millionaire who has seven times been found insane and now thrice sane since he shot Stanford White to death on Madison Square Garden roof 18 years ago, will be to clear away the one criminal charge pending against him. A New York indictment for perverted assault upon young Freddie Gump of Kansas City.

THE BRITISH LIKE COOLIDGE'S IDEA

London, April 23.—(United Press).—President Coolidge's suggestion of a new conference for invitation of amendments and his endorsement of the Daves report as a basis for settlement of the reparations problem were received with whole-hearted approval in British official circles today.

In view of the labor party's platform urging limitation of arm, submarine and land forces and Premier MacDonald's declaration that such limitation is vital to the preservation of world peace, it is considered a foregone conclusion that Great Britain, as in the case of the Washington conference, will be the first nation to express approval of Mr. Coolidge's suggestions.

NEW BURGESS HAS A NUMBER OF CASES AS "BUSINESS STARTER"

Last night Burgess J. Bryant Tussing heard the case of Joe Mashin, Polish, on a charge of being drunk and disorderly and resisting an officer. The accused was fined \$25 and costs, which amount he liquidated.

A boy, attempting to operate an automobile minus a license, was fined \$3 and costs, which was paid.

There were three other cases of violation of the parking regulations, but it being the first offense, they were discharged after a lecture by the burgess on the importance of learning these rules and regulations. This law or ordinance is to be rigidly enforced by the burgess and the chief of police. Drivers of cars must bear in mind that they must park on the right side of the street, fully twenty feet distant from a fire plug.

There were four men fighting in McKean avenue, between Fifth and Sixth streets yesterday afternoon. Their hearings on charges of being disorderly, will be held before the burgess on Thursday evening at 7 o'clock. One of the men was arrested but the other two of the defendants have not been caught by the police, but will be, according to the chief, in time for their hearing Thursday evening.

Chief of Police James A. Murphy and Officer Jack Thomas arrested a man, who gave his name as Julian Juhanna, and his home as 619 Webster avenue, Pittsburgh, this forenoon. Juhanna is working in the Smock mine, near Brownsville. At the time of his arrest he was sleeping in a steel hopper cars in which was slag at Fourth street, in the Pennsylvania yards, totally oblivious to his surroundings. He will be given a hearing this evening before Burgess Tussing.

Heffran Leads Towner By Few Votes--Van Voorhis is Third; 47 Precincts Heard From

Primary election returns are slow in coming in, and particularly in the Second Legislative district, where the candidacies of well-known local men are contestants. In the Second district, 17 precincts out of 73, show that Heffran is leading Towner by 12 votes, and Towner is ahead of Van Voorhis 159 votes. It is impossible to tell who the two winners for the nomination will be at this early stage, and indications are that the results will be so close that they will not be known—maybe not until tonight or tomorrow.

THE UNOFFICIAL RETURNS

The returns are in from the valley towns and cities, but the rural districts are to be heard from. These are principally composed of small precincts, with the exception of Marianna, where Towner and Van Voorhis may possibly make gains. The subjoined figures are unofficial.

The vote as tabulated below gives Heffran 2761, Towner 2719 and Van Voorhis 2590. In the First Legislative district 83 out of 93 precincts: For Assembly: Moore, 2743; Lockhart, 2487; McAllister, 2294; Martin, 1948.

BENEFIT DANCE THURSDAY NIGHT

Tomorrow evening in the ballroom of the Elks club, the P. C. W. former students, and members of alumni of Charleoi, are staging a benefit dance the first of a series of entertainments they are planning to raise money to go towards the Endowment fund The Harlem Hall boys have been engaged for the evening, and the occasion promises to be a most enjoyable one. The promoters of the dance expect a large crowd, and also urge a good turnout. In order that they may not fall down on their pledge of \$488 this year.

All those affiliated with the Pennsylvania College for women have set out to raise an Endowment fund of \$1,500,000 in the period of five years. Each former student and alumni member have been assessed \$305 for the full period of five years and there being eight members in Charleoi, the quota to be raised for one year is \$2440. They have pledged themselves accordingly.

The members will have to work hard and in order to succeed they will have to have the cooperation of the people of Charleoi. Go to the dance, and spend a happy evening, while at the same time you are helping a worthy cause.

ALUMNI BANQUET FRIDAY NIGHT

The Christian Endeavor Society of the Washington Avenue Presbyterian church will hold their annual banquet for the Alumni Council in the church at 6:30 p. m., on Friday, April 25. All members of the Alumni Council, and all members of the Christian Endeavor Society are invited to attend. The principle address of the evening will be given by the pastor, Rev. Frank S. Montgomery. The remainder of the program will be announced later.

Tickets may be still secured from Crete Knappenberger, Robert N. Inland and Harold A. Collins.

Attempt To Blow Up Uniontown Building Containing The Ballots

While the election board was counting the votes in the state-wide election at Uniontown yesterday, the building in which the ballots were being counted in Georges township Precinct No. 3, was blown up. The members of the board fled from the building and although badly shaken up, none of them were hurt. The ballots were also found intact and the counting resumed a short time after the explosion.

The police believe that three or four sticks of dynamite were placed under the building but no motive has been discovered for the act, as it was the quietest election in this district for years.

ALLEGHENY FOR R. B. STRASSBURGER

Pittsburgh, April 23.—(United Press).—Allegheny County voters selected Ralph Beaver Strassburger, Norristown publisher, as delegate at large to the Republican National Convention, over Governor Gifford Pinchot by a majority of more than 50,000, according to returns early today from Tuesday's primary election.

Other delegates at large selected by the county voters to go to the Cleveland convention in June are Andrew W. Mellon, secretary of the treasury; Senators Pepper and Reed; Congressman William S. Vare; Harry Baker, and Mrs. Elizabeth Price Martin.

The Allegheny County voters approved a \$20,207,000 county bond issue by a two to one vote, it was indicated by returns.

Probable winners on the republican ticket in the county were: Frank M. Trexler, for Superior Court Judge; Samuel S. Lewis, for State Treasurer; Edward Martin, for Auditor General.

Democratic probable winners were Margaret Center Klingelsmith, for superior court judge; Heber Ermentrout, for State Treasurer; John R. Collins, for Auditor General.

Democratic voters did not ballot on delegates at large to their National Convention in June.

PRINCE TO COME AND PAY TRIBUTE TO HIS DECEASED

Pittsburgh, April 23.—(United Press).—Prince Gesasio Caetani, Italian ambassador to the United States, will arrive here today to pay tribute to his sorrowing nation at the bier of Flaminio Duse, famous tragedienne, who died last night.

Ambassador Caetani will place the wreath of flowers on the bier and return to Washington.

The La Duse company, actors and actresses selected by Duse in Italy before she began her farewell tour in America, will be the guard of honor over the body on its last journey to Asolo, Italy.

Alleged That One William Burns, of Uniontown, Steals Pad of Narcotic Prescription Blanks During Absence of Dr. Vieslet

HE GOES TO MONESSEN

Has Prescription Filled For Heroin—Arrested Soon Afterwards In a Pool Room—Held Here Pending Turning Over to Federal Department

An alleged drug addict, William Burns, aged 22, of Uniontown, is in the local lockup as a result of police activities following a report made by Dr. Victor P. Vieslet of Fifth street yesterday morning, that a pad of blank narcotic prescriptions had been stolen from his office during his absence. Dr. Vieslet immediately notified Chief of Police, James A. Murphy, of his loss, who in turn got in touch with all valley police departments and drug stores.

Burns evidently made his way to Monessen, and entering Cruzan's Drug store of Sixth street, and had a prescription filled for heroin. Just as he was leaving the store, the proprietor of the place received a telephone call from the police department warning him of such prescriptions. The clerk immediately set out to follow Burns, who entered the Lebowitz pool room, and there was placed under arrest. He was taken to the Monessen police station, and upon examination of his clothing a number of needles were found concealed in his underwear. The youth is said to be physically wrecked, and there are marks of 125 holes in his arm, where he had from time to time injected the drug. He claims that it requires three grains of the drug to sustain a num. and one and one-half grains to keep him from feeling sick. The youth was taken to the Charleoi lockup and is being held here until turned over to the Federal Narcotic department, Pittsburgh.

Burns, it is claimed, has a partner, Harry Brown, an alleged dope addict of Uniontown, but who made his get-away from Monessen, when he suspected the motive of the officers.

25 ARE DEAD AS THE RESULT OF A RAILWAY WRECK

—Geneva, April 23.—(United Press).—Twenty-five persons are dead as the result of the worst railway wreck in years near Bellinzona, capital of the Canton of Ticino, according to word received here today.

Two trains, running at high speed, crashed into each other in the darkness, and many passenger cars were smashed completely.

The dead include the engineers of both trains, according to reports here. Dozens of passengers were injured.

An adjourned session of North Charleoi council was held Monday night, with Councilmen Gaskill, Strauser, Wildman, Wolff, Simpson, and Doerzbacher present.

An ordinance granting to the Bell Telephone company the right to construct underground cables, et cetera, was passed third and final reading. Seventh street from Lincoln avenue to Center avenue, was closed, account of being dangerous for travel. This street is too steep for cars. There was some objection made to several citizens on the bell.

Property holders in the Sheppard plan ask that this plan be taken in borough, as plotted.

The question of providing a suitable place to build a structure for the fire truck, was discussed, and the body decided to meet with the engineer on Friday night to arrange for plans and specifications for such building.

A resolution and ordinance was presented on the Solary property, which was sold to Druggist Charles Kramer. This is to correct a deed that had been given to Mr. Solary at the time the lot was purchased from the borough. The ordinance passed final reading.

Davis Woodward, former tax collector, and C. E. Clegg, tax collector, were present and presented amounts of uncollected taxes.

Pirates Get An Even Break In The Last Game With Cardinals

The Pirates got an even break with the Cardinals at St. Louis yesterday, in a heavy-hitting contest, featured for Pittsburgh by the appearance of Kremer, the Pacific coast star. He was hit pretty hard by St. Louis, but aided by brilliant support on the part of the Pirates and their heavy batting, managed to emerge the winner, the score being 10-7.

Today the Pirates have a rest, but tomorrow will witness the season's opener on Forbes field. Their opponents will be the Cincinnati Reds, picked by many to win the pennant this year. In the race will be between the Giants, the Reds, and the Pirates.

There will doubtless be a large crowd at Forbes field tomorrow afternoon, the weather elements being propitious, as the opener ever sees a big turnout, and especially with such an attraction as the Cincinnati Reds, who come to the Smoky City feeling cheery, account of their three straight victories over the Chicago Cubs.

Sincerity.

To every poet, to every writer, we might say: Be true, if you would be believed. Let a man but speak forth the emotion, the actual condition of his own heart; and other men, so strangely are we all knit together by the tie of sympathy, must and will give heed to him. In culture, in extent of view, we may stand above the speaker, or below him; but in either case, his words, if they are earnest and sincere, will find some response within us; for in spite of all casual varieties in outward rank or inward, as face answers to face, so does the heart of man to man.—Thomas Carlyle.

Fined On A Charge Of Forcible Entry

William Chauvick, alias William Wolenorki, a self-assured ex-convict, who was arrested by Chief of Police James A. Murphy and Officer Rome Ross, on information furnished by Watchman Snyder of the Y. & O. Coal Company, was fined \$10 and costs at a hearing before Squire J. B. Smith. Chauvick made forcible entrance to the blacksmith shop of the company by tearing off several boards, his reason for so doing not for robbery purposes, he asserted, but for a place to sleep. Chauvick had about \$89 cash with which to pay his fine, and was liberated.

Chief of Police James A. Murphy said yesterday that his wire to the state of Wisconsin elicited the information that Chauvick was not wanted in the Badger state.

It is said that Chauvick received his prison sentence for burglarizing a house and forcibly entered a barn. When we interviewed him, he was not disconsolate, and for a man of foreign birth, talked good English. What his business was in this country and his objective, he vouchsafed no information.

FIRST ACT OF THAW

(Continued from First Page)

Elated by the jury's verdict which was made known to him at the hotel where he paced the carpet in his mother's suite last night Thaw said he would "go to New York at once and clear up the Gump matter. He planned to give bail here and then appear before the district attorney in New York confident that the charge never will be pressed because Thaw millions already have removed the scars from the Gump boy's back.

Mrs. Mary Thaw has her boy back again, and Evelyn Nesbit loses. The latter, who intervened in the case in behalf of her son Russell, born when she was Harry Thaw's wife, was bitterly successful of the simple verdict.

"It's a disgrace," she exclaimed. "There was only one white man on the jury." (One of the two negro jurors was reported to have held out for more than six hours against the others who were immediately for Thaw).

Harry, in a rambling statement which he picked out himself upon a typewriter while awaiting the verdict, announced he would probably make some provisions for his former wife.

"I don't want his charity—his dirty money," Evelyn snapped. "I intervened for my boy, who's entitled to inherit his father's estate. But Mrs. Thaw has her son now, and I suppose she doesn't care."

Thaw's statement, which is apparently an attempt to explain the man-

Brownsville Man Recovers From Serious Illness

E. C. Reasey, Well-Known Fraternal Order and Railroad Man, Sick For Twelve Years, Makes Complete Recovery

Mr. E. C. Reasey, popular fraternal order and railroad man, is receiving congratulations of his friends upon his restoration to health after an illness of nearly twelve years following an operation for peritonitis.

Mr. Reasey has some very definite ideas as to what has caused his remarkable recovery, and says that he welcomes this opportunity to tell the public the facts in the case. He had been in mighty bad shape for years. Nothing that he ate agreed with him. Every full meal was followed by nervous headaches caused by a disordered stomach. He was forced to the daily use of pills and cathartics.

But read what he has to say: "I have tried all kinds of medicine, but nothing seemed to do me any good until I tried Sulac. The very first bottle helped me and so far I have taken four bottles and am on my fifth. I am glad of this opportunity to tell my friends, and in fact everybody, that Sulac has not only stopped my trouble, but has given me an appetite I can hardly satisfy. And the best of it is that I have gained fifteen pounds. My color is fine; and when I get enough eating I feel great. I have my old pep back and when it comes to work I'll step right out with any of them. I feel great all the time. I will be glad to verify this if anyone wants to write me at the Y. M. C. A., Brownsville."

Mr. Reasey is the son of a man whose word carries weight. He belongs to K. of P. No. 80, Cumberland, Md.; I. O. O. F. No. 58, Cumberland, Md.; Jr. O. U. A. M., Altoona; Loyal Order of Moose No. 74, Altoona. If you are suffering from any form of stomach trouble, are bilious, have chronic constipation, are in distress after eating, go to your druggist and get a bottle of the remedy that did so much for him. It is sold under a positive guarantee. If you take six bottles and are not satisfied with the results your druggist is authorized by the manufacturers to refund your money. Sulac is sold in Charlevoi by Hennings Drug Store.

ner in which he flew to the press table yesterday noon and delivered a long harangue, follows verbatim:

"About an hour before the morning session, Mr. Coyne and I, (besides counsel) knew there was danger later that a juror might be withdrawn and, if not counsel, I was greatly worried. The United Press reporter, also Mr. Beamish (a Philadelphia reporter) and the New York American, and I believe the New York Times observed this and I believe the rest all knew now. Mr. Beamish I saw was watching, and as I attempted to hear Mr. Gray's harangue when he attempted to tell the jury I was 'perturbed' by his talk. I had to use my handkerchief in laughing. For my anxiety never came from him.

"Shortly after my lawyer arranged to prevent any possible objection, but we were all greatly relieved when Judge Monaghan began to charge the jury. His charge was excellent and most fair.

"Dr. Kirby and I had arranged to assist Miss Nesbit (should she like it) but that may be slightly delayed. However, I believe no one will object in case I manage this.

"Judge Patterson's speech was admirable. His first paragraph was absolutely splendid."

HEALTH TALK NO. 6.

A SUBLUXATION

A subluxation is a partial dislocation of the vertebrae in the spinal column. When a subluxation exists the bone partially occludes (blocks up) the openings where the nerves exit, and the nerves are pressed upon or impinged by the bones. Nerves impinged are the primary cause of 95 percent of all diseases.

Nerves free from pressure, by perfect vertebral alignment, carry their full quota (100 per cent) of mental impulses (Energy) to their destination (Organ) and perfect function is the result.

Subluxations may be caused by: a fall, slip, jolt, blow or wrench; also shocks, jars, temperature and emotions cause the movable bones of the spine to assume different positions, though each is held by nine ligaments and muscles. Vertebrae become tipped, tilted, rotated and go too far front (Anterior) or become too far back (Posterior).

When any of these positions are pronounced enough a pressure is exerted on the delicate nerves emerging from the neural canal, and interferes with transmission to and from the Brain. Result—Dis-ease.

The Chiropractor is the only Practitioner familiar with the human spine, therefore he or she is the only Practitioner who can detect and correct this condition.

Irritating Gases Prevent Colds.
Scientists have come upon the fact that men and women who work in factories where there are irritating gases rarely if ever suffer from colds. This is due to the gases acting as an irritant, keeping the membrane inside the nasal passages moist so that the germs do not lodge. For this reason elderly people once used snuff, it is said.

The Old Savannah.
The Savannah was the first steamer to cross the Atlantic. On May 24, 1819, she left Savannah for Liverpool, which port was reached in 27 days; 81 hours of which time she was operated by steam power. The vessel was first constructed as a sailing packet, but an auxiliary engine and boiler with paddle-wheels were fitted before she was placed in service.

Language of Plaids.
In Scotland plaids are worn for purposes of identification, signifying also the wearer's occupation, revealing whether he or she is engaged at the time in business, war or pleasure. Some of the "plaids" now being worn here make a real Scotoman wonder if his boyhood study of clan insignia wasn't wasted.

Elemental Spirits.
Elemental spirits were beings who, according to popular belief in the Middle Ages, presided over the four elements, living in and ruling them. The elemental spirits of fire were called salamanders, those of water, undines; those of air, sylphs, and those of earth, gnomes.

CHOOSING VICE-PRESIDENTS
It is said that, with the nomination of Mr. Coolidge regarded as certain, the Republicans will give time to a careful selection of their candidate for Vice-President. The choice of the second name on the ticket will not be left to the last hours of an exhausted convention, as has been the case so often in the past. It is explained that the Republicans "know they will need every element of strength they can command, and so they want for Vice-President a man of vigor, determination, power." Whatever their motives or the necessities spurring them forward, the proposed choice is one that has long been considered. It would be a return to the purpose and method of the early days of the republic when the man who was to be president and the man who might succeed him were expected to be of equal or very nearly equal fitness and distinction.

The change to the later method was due not merely to disregard of a most important factor by political managers but to the reluctance of candidates of the first class to accept the nomination. Although six times in about 80 years a Vice-President has succeeded to the Presidency, ambitious men have been inclined to regard the Vice-Presidential office as the grave of talent. Daniel Webster refused the nomination and many after him. John Tyler was "finally taken" by the Whigs in 1839, we read, because they "could get nobody else." Levi P. Morton lost an unexpected chance by refusing to play second fiddle to General Garfield. The more fortunate Roosevelt reluctantly went on the ticket with McKinley. As one observer has put it, "what may be called the lowest point in the degradation of the Vice-President in the political arena was reached in 1920 when Hiram Johnson refused it. Think gratefully of what the United States and Europe escaped." Obviously the country's interests demand that both the dignity and desirability of the Vice-Presidential nomination be raised in the public estimation.

THE MUSCLE SHOALS PROBLEM.
As the Senate has not yet ratified the decision of the House to sell Muscle Shoals to Henry Ford for \$5,000,000, the subject is still before the public for debate and ought to receive the attention it merits. No doubt it would receive much more attention if this were not a year of absorbing Presidential nominations and election. If any one can show that the vote of the House was a mistake, this should be by all means done. The only important contribution to the discussion that we have seen of late comes from Newton D. Baker as the Secretary of War who began the development of Muscle Shoals. Mr. Baker ought to be qualified to offer an opinion of real value. It is interesting to find that he disapproves of the action of the House. He is quoted as saying: "To grant Muscle Shoals to any individual or company for a hundred years, or even fifty years, grants to such company or individual industrial dominance for that period of the whole southeastern portion of our country." Along with this industrial dominance, in the opinion of ex-Secretary Baker, goes wealth greater than any current estimate and power over men greater than that of a perpetually re-elected President of the United States. All this for five million dollars! In the view of Mr. Baker, as in that of Senator Norris, Muscle Shoals should be held in the name of the people of the United States and its power developed when the government can invest the necessary capital.

Man Loses Hundreds of Dollars
"I am sorry I did not hear of Mayr's Wonderful Remedy a few years ago, as it would have saved me several hundred dollars. Five years I suffered from indigestion and severe bloating. I grew worse all the time. My doctor said an operation was all that could save me. I took a course of Mayr's Wonderful Remedy instead and for the past year have been entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver, and gallbladder troubles. One dose will convince or money refunded. At all druggists.

The man who whines that he never had a chance is probably one who wouldn't recognize one if he met it in the road.

It is a great deal easier to stay married on \$3,000 a year than on \$30,000.

An old timer is one who can remember when the height of luxury was to take a horse to bed.

Jones—"You know Brown, who was said to be so rich? He died last week and the only thing he left was a hall clock."

Moore—"Then it won't be much trouble to wind up his estate."

Those who say a thing can't be done are talking from experience.

"Mother, shall I run out and post this letter?" asked a little girl of six years.

"No, child, certainly not," was the reply. "It's pouring in torrents, and not fit to turn a dog out of doors. Let your father go."

WHICH ONE?
I'd rather be a could be,
If I could not be an are,
For a could be is a maybe.
With a chance of touching pay
I'd rather be a has been,
Than a might have been by far,
For a might have been has never been.

But a has was once an ate.

"Where are you going in such a hurry?" asked Miss Forester.

"Over to Carleton Gould's house," said Isaacson Fox. "He has just telephoned to ask if I would lend him a corkscrew and I'm taking it over myself."

"Couldn't you send it?"

"Mrs. Forester" said Ed in cutting Jones, "the question you ask me shows why most women are unfit to lead armies and make quick decisions in business deals involving millions. When the psychological moment arrives they don't know what to do with it."

"Hah, Swale," commented the carter, as his cook fired the mission-ary.

An ex-service man was playing mah jong in Charleroi the other night and when the hostess cited "chow," he made a dash for the dining room.

Small Boy—"I want some medicine to reduce flesh."
Clerk—"Anti-fat?"
Boy—"No, uncle!"

Nora fired the town but not with enthusiasm.

Mabel Russell (Mrs. Philipson) is said to be suspected of disloyalty to the cause of women because it is believed she will retire from Parliament in order to look after her three children. Apparently her "disloyalty" consists in putting the cause of the children first for a few years.

200 TAKE HOLY COMMUNION
At Christ Lutheran church, at the Easter observance, the auditorium was filled to capacity, both morning and evening, while on Palm Sunday, 15 were confirmed and taken into the membership of the church. Twenty-four adults were taken in by baptism, confirmation, and transfer of membership on Easter morning.
Holy communion was received by about 200 members.
The evening service was largely taken up with a musical program, and a cantata, "The Resurrection," rendered by the choir under the leadership and direction of Alfred Lange. The following assisted in carrying out the program:
Vocal solo, Edith Keyes; violin solo Alfred Lange; cantata "The Resurrection," the choir. Sopranos, Miss Edith Keyes, Miss Louise Brewer; Mesdames Elmo Vandemeyer, Charles Hazlet; Altos, Mrs. Lola Youngman, Miss Irene Voelker, Miss Helen Hill, Verna Brown; Bass, Gilbert Zimmerman, E. H. Colditz, D. A. Schmitz; Tenor, Robert Brown. Accompanists, Mrs. Charlotte Moerst, Gertrude Donaldson and A. Lange.

THE HOUSE THAT JACK BUILT
The story takes place in a clearing in the woods. Jack, Mother Goose's son, is building new house and wishes to finish it today as it is his birthday. Jack tells his mother that the Knave of Hearts, a noted thief is here. Mother Goose, is alarmed and has Jack lock the three Humpty Dumpty in the house safely, and hangs the key over the door. As Mother Goose is planning a birthday party for Jack.

While she was away buying goodies for the party the crows and blackbirds conspire together, and with the Knave's assistance steal the key. Mother Goose comes back and cannot find it. Her guests come, among them Old King Cole and his attendants. Mother Goose frankly advises him to marry the Queen of Hearts. He thinks the plan a fine one. Mother Goose tells the Queen the sad news. The crows are immediately brought in and a trial follows. Old King Cole sentenced them to be made into a "blackberry pie."

The Page to the Queen and the Knave fight a duel. The Knave is seriously wounded. So after all the Queen makes tarts for the party.

The production requires dances and songs by the following choirs: 43 faries, 24 clouds, 24 Kings Attendants, 24 Queens' Attendants, 23 Stairs, 24 Flowers, 24 boys and 24 girls. Twelve Elves, Boy Scouts, 24 Blackbirds, 100 pupils from the Second and Third Grades in "To: Balloons."

TRAINING SCHOOL FOR THE SUNDAY SCHOOL WORKERS

There will be a Standing Training School for Sunday School workers in Monongahela Methodist Episcopal church, April 27-May 2. The first session will begin at 2:30 p. m., Sunday, April 27. The week-day sessions begin at 7:15 p. m. each day.

The Rev. Clyde Lamont Hay of Charleroi will be Dean and teach Sunday School administration. This is a general introductory course to the problems of organization and administration of the graded Sunday School.

D. Frank Eakin, a professor in the Western Theological Seminary, Pittsburgh will teach the Bible. Rev. T. M. LeSourd, author of "Builders of the Kingdom," will teach Young People's Method. A course for Junior teachers will be given by Miss Margaret Moore of Washington, D. C. Mrs. Margaret Cole of Pittsburgh will have a class in "The Principles of Teaching." Dr. W. G. Cole, minister of Oakland Methodist Episcopal church, and director of the Wesley Foundation, will be the chapel speaker.

Each student for credit must attend ten sessions of his class. Enrollment for \$1; payable in advance.

Without Doubt, Tobias, president of the Civil Service Reform League, draws a distinction between Mr. Coolidge and his party organization. He declares that patriotic citizens would welcome the re-election of President Coolidge "as a conscientious and sensible man, doing his duty under a crushing burden of inherited corruption."

Americans would be pleased at the defeat of the Republican organization. How they can take one and leave the other he naturally fails to suggest.

First to Scale High Peak.
Mount Washington, in Oregon, was scaled in August last for the first time on record. Six boys from Bend, Ore., none more than 21 years old, after hours of arduous work reached the top-most pinnacle. At one time a member of the party lost his foothold and clung desperately to the face of a perpendicular cliff, with an 800-foot abyss yawning beneath him. A tube containing their names, the story of the climb, and small personal effects, was left at the top to substantiate their claim. They slid down the dangerous part of the pinnacle by means of a rope which could not be disengaged and still remains on the peak.

To Cut Glass Tubes.
It is said that the following is a simple and effective way to cut glass tubes: First, with a sharp triangular file draw a fine line across the tube. Then, holding the two ends of the tube firmly in the hands, bend it, pulling the two ends or halves apart at the same time. It will usually crack at the scratch, with a smooth edge. If the tubing is thick, it may be necessary after making the scratch to start the crack by means of a red-hot bit of glass—for instance, the end of a stirring rod that has been heated over the flame of a lamp.

Contradicted the Queen.
That veteran journalist and prince in telling the story of a certain old admiral who had an extraordinary habit of contradicting anyone with whom he conversed. In fact, he once flatly contradicted the queen. He attended a royal reception and was presented to her majesty, who had heard something of his propensity. "I hear, admiral, you contradict every one who speaks to you," said the queen. "Your majesty is misinformed," replied the admiral, gruffly. "I do nothing of the sort."

Keeping Attar of Rose Pure.
Much of the attar of rose comes from Bulgaria and the sophistication of the perfume since the war has given deep concern to the government, which has offered 1,000,000 levas (we do not know how much this represents in real money) for prizes for a process to discover adulterants. Essence of geranium has been used to debase the perfume. This has proved very detrimental to the trade. It has not only weakened confidence, but has a disastrous effect on prices as well.—Scientific American.

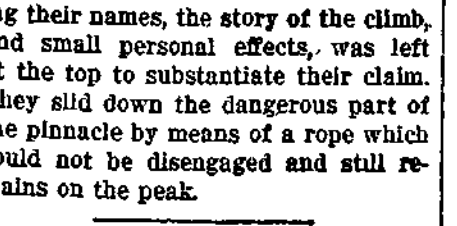

Boomerangs.
Boomerang-like objects are claimed by some to have existed in ancient Egypt and Assyria, and it may be that certain bone objects which belonged to prehistoric man were used in the same manner as boomerangs. This weapon was used by the Australian bushmen. It averages 2½ feet in length by 2½ inches in width. It is made of the green wood of the acacia or some other hard wood, treated with fire. In India, boomerangs are made of ivory or steel, and are generally sickle-shaped.

Size of the Human Body.
Authorities differ in fixing the number of square feet of the surface of the human body, there being no fixed limit owing to the variations in size, but a man of 5 feet 8 inches weighing around 175 pounds has a skin surface of approximately 16 square feet. The larger men and women measure more, some of them very much more, while some of the more diminutive bodies have a measurement as low as 10 square feet.

Oldest Historical Tree.
The oldest historical tree (not the oldest tree) is one in Charleroi. It is known to have been planted, as a cutting from the Bo tree under which Gautama meditated, in the year 245 B. C. From that time to this it has been carefully tended and watered, its great branches are supported by pillars and the earth has been terraced up about it so that it has been able to put out fresh roots continually.

Part of Japan Uninhabitable.
The total area of the Japanese archipelago is 148,756 square miles and the total area of the empire, with Korea and all other possessions, is 260,793 square miles, with a population of 56,745,000. The population of the Japanese possessions is more than 77,000,000. A considerable portion of Japan is uninhabitable, which accounts for some of the congestion in certain parts.

PINCHOT ADMITS

HIS DEFEAT

(Continued from First Page)

gates-at-large by Ralph Beaver Strassburger, millionaire owner of the Norristown Herald, who two days before election received full support of Republican organizations in Philadelphia, Allegheny, and other large counties.

President Calvin Coolidge is now assured of the solid delegation of 79 votes from the Keystone State at the Cleveland convention.

For the first time in the memory of the oldest elector Pennsylvania has failed to send its governor to the National convention of the party whose politics he embraced.

Philadelphia, April 23.—(United Press)—With complete returns on yesterday's primaries still in the making, Ralph Strassburger's majority in this city and surrounding territory over Governor Pinchot for delegate-at-large to the Cleveland convention promises to reach still greater figures.

Early returns indicated Strassburger's lead to be 190,000 in the city with three precincts still to be considered.

Pennsylvania Republicans by defeating Governor Pinchot for the Cleveland honor showed their faith in President Coolidge according to Congressman William S. Vare, who left here early today for Washington. Anti-prohibition forces are claiming a great victory as a result of the collapse of Pinchot's wet and dry appeal.

In the eyes of Ralph Strassburger, the defeat of Pinchot is a severe rebuke of him because of the "unwaranted and vicious attack Mr. Pinchot has been directing against Secretary of the Treasury Mellon."

Harrisburg, April 23.—(United Press).—Dauphin county with its 1,299 Capitol Hill jobholders appeared to have turned down Governor Gifford Pinchot for Ralph Beaver Strassburger in the race for Republican delegate-at-large.

One hundred out of 126 districts gave Strassburger 7,965 and Pinchot 6,984.

Franklin, April 23.—Governor Gifford Pinchot and Ralph Beaver Strassburger were running close in the election for delegate at large to the Republican National convention as returns from Venango county were compiled today. Indications were the other members of the regular slate were elected by the voters.

Uniontown, April 23.—First returns from Fayette county balloting in Tuesday's primary lead to the belief that Governor Pinchot would be selected as one of the seven delegates at large to the Republican National convention, over Ralph Beaver Strassburger, by a majority of several thousand.

In Society's Realm

At a small, but prettily appointed party Monday evening, Mr. and Mrs. T. N. Kibler of Pennsylvania avenue, announced the engagement of their daughter, Miss Maude to John J. Miller of Donora.

Miss Irene Cheser will entertain the members of the Isabel Thoburn class of the Methodist Episcopal church at her home in 505 Crest avenue, tomorrow evening. Mrs. Earl Strausser will be the assisting hostess. A good attendance is especially urged.

A delightful 500 party was held at the home of Miss Agnes Bezy of Crest avenue last evening with two tables in play. A happy evening was spent in card playing, the favors being presented to Misses Sophie Michener and Lucrecia Sisley. At the conclusion of the games, a dainty luncheon was served by the hostess, assisted by Mrs. John Fitzgerald and Mrs. James Frohman.

Before a large assemblage of relatives and friends in St. Jerome's Roman Catholic church at 10 o'clock this morning the wedding of Miss Eleanor Mary Mogan, daughter of Mr. and Mrs. Christopher J. Mogan of Crest avenue, and Felix Myrell Wilson, son of Mr. and Mrs. Felix Z. Wilson of Nashville, Tennessee, was solemnized with nuptial high mass.

The impressive and beautiful ceremony was performed by Rev. Father William D. Fries, pastor of the church, as celebrant assisted by Rev. Father C. G. Diano, pastor of the Mother of Sorrows church, as deacon and Rev. Father Carl A. Demorest, assistant pastor of St. Jerome's church, sub-deacon. The choir, composed of five members of St. Paul's Cathedral choir of Pittsburgh under the direction of Joseph Otten, organist, rendered the beautiful Gregorian mass during the entire ceremony. The bride, who entered the church on the arm of her father, appeared very beautiful in a gown of white satin and silk lace. A white silk tulle veil, which was held in place by a wreath of orange blossoms, was draped over her head. She carried a bridal bouquet of white roses. Miss Mary Mogan, the maid of honor and sister of the bride, together with the bridesmaids, Miss Mary Margaret Bevington and Miss Mary Swords of Nashville, Tenn., were attired in gowns of yellow chiffon, with loghorn picture hats to match. They carried bouquets of ophelia roses. Edward Rooney of Nashville, officiated as best man, while Christopher Mogan, brother of the bride, Edward Weymouth Murrell of Lynchburg, W. Va., and Max Peoples of Nashville, served as ushers.

The wedding procession entered the church under a canvass canopy on a path of carpet to the altar, which was beautifully decorated with ferns, palms and flowers. Following the nuptials the wedding party repaired to the Mogan home where a wedding dinner was served, covers being laid for fifty. The bride and groom then left for a two weeks' wedding trip in eastern cities, after which they will go to Nashville, Tenn., to make their future home. The bride, who is well-known in the community, is a graduate of Seton Hill college, Greensburg, where she received the Bachelor of Arts degree. The groom, a prominent business man of Nashville, is an attorney, and a graduate of the Vanderbilt University. He is also an ex-service man, and served in active service in France.

LIGHT VOTE IS

RECORDED HERE

(Continued from First Page)

Twenty-fifth district, Henry W. Temple received 61 votes.

For Representative in the General Assembly, two to be nominated Charles S. Van Voorhis and James T. Heffran lead, with Claude E. Townner, third, and John J. Oates, fourth. The summaries were: Van Voorhis, 50; Townner, 45; Oates, 18; Heffran, 55.

For delegates to the National convention, Twenty-fifth district, two to be elected, Harry F. Bailey got 52 votes, and Kerfoot W. Daly, 65 ballots.

For alternate delegates to the National convention, two to elect, J. M. Walton received 50 votes, and T. E. H. Brownlee, 59.

W. J. Reese received 53 votes for member of state committee.

For member of County committee, W. A. O. Cratty received 17, and there were eight who got one vote each, among the number being four ladies, who are tied for second place. There are two to be elected.

There is talk of the secession of the Union of South Africa from the British empire and Premier Jan Smuts has advised the Prince of Wales to cancel his expected visit there. The only wonder is that the world-girdling British empire has held together so long.

Responsibilities

The public are more than users of telephone service.

They, and no one else, provide the money necessary to conduct the business, and look to the business to pay adequately on that investment.

The public tell us what to do, when to do it, and where to do it.

They tell us how much service they want, and when and where they want it.

We take these figures and find

out what it will cost to install the telephones, along with the central office equipment, wires, cables and buildings needed.

Then we must go to the public for the new money necessary to finance these additions.

The telephone using public pay us for their service, and they must pay us enough so that we can pay back to the same public, as investors, a reasonable return on the money they put into the business.

Or it might be summed up this way: Telephone rates must be adequate to enable us to make a reasonable return on the money invested in the business. Otherwise the public will not invest the new money needed to give the tremendous amount of new telephone service which is required by the people of this State.
